

18th March 2020

Dear families,

School work to do at home in the event of school closure

As per the letter we sent yesterday, **no school closures have been advised as yet** so school is open as normal. Today we are sending home the pack of learning activities for your child to complete at home if school is closed. The suggested timetable we sent yesterday still stands and below is a list of what children should complete **each day**.

YEAR 1

Every day

- 1 page from the phonics sounds sheets
- 1-2 pages from CGP targeted maths booklet
- 1 page from CGP Handwriting
- 30 minutes reading (school reading books or, if your child has finished reading those, another book of their choice)
- 1 page from CGP mental workout
- 4 a day maths (make your own calculations up to practise things that you have already been taught)
- PE - get moving for **at least** half an hour (BBC super movers is excellent, as is Go Noodle)

Every other day

- Reading comprehension unit from CGP booklet
- Fill in reading journals and make a note of any new vocabulary and their definitions
- Writing for at least 30 minutes – you can write about anything but some suggestions are a diary, a story or a factual report about something that interests you.

Learning in other subjects – this can be spread out across the week

Science experiment: Can you grow your own plant?

Art- use magazines to make an image of yourself

History- ask a grandparent or an elderly relative about being a child when they were young.

Online learning

Phonics play

Go Noodle

BBC Bitesize

The Jane Considine writing looked good too.

EXTRA LEARNING

Regular phonics practice, using the sounds from the sound sheets. Play Fred Talking games. Spot the sound of the day in real life.

Yours sincerely,

Barbara Brown
Head Teacher
